

You will need

- Card
- A printer
- Pens, pencils or paint
- Scissors
- Glue
- Ribbons

Instructions

1. Print out the Christmas cracker templates (overleaf) onto some card.
2. Time to get creative! Use pens, pencils or paint to decorate your crackers.
3. Ask an adult to help you carefully cut out your crackers.
4. Fold/score along all of the dashed lines, then flatten the cracker out again.
5. Glue the tabs to the other side of the cracker to create a rectangular cuboid shape.
6. Push in the ends of the crackers (where you have cut out the diamond shape), then secure with ribbons.
7. If you'd like to give these to your family or friends, why not write down some Letterland jokes on pieces of paper and slip them inside the crackers? Christmas isn't Christmas without a cheesy joke!

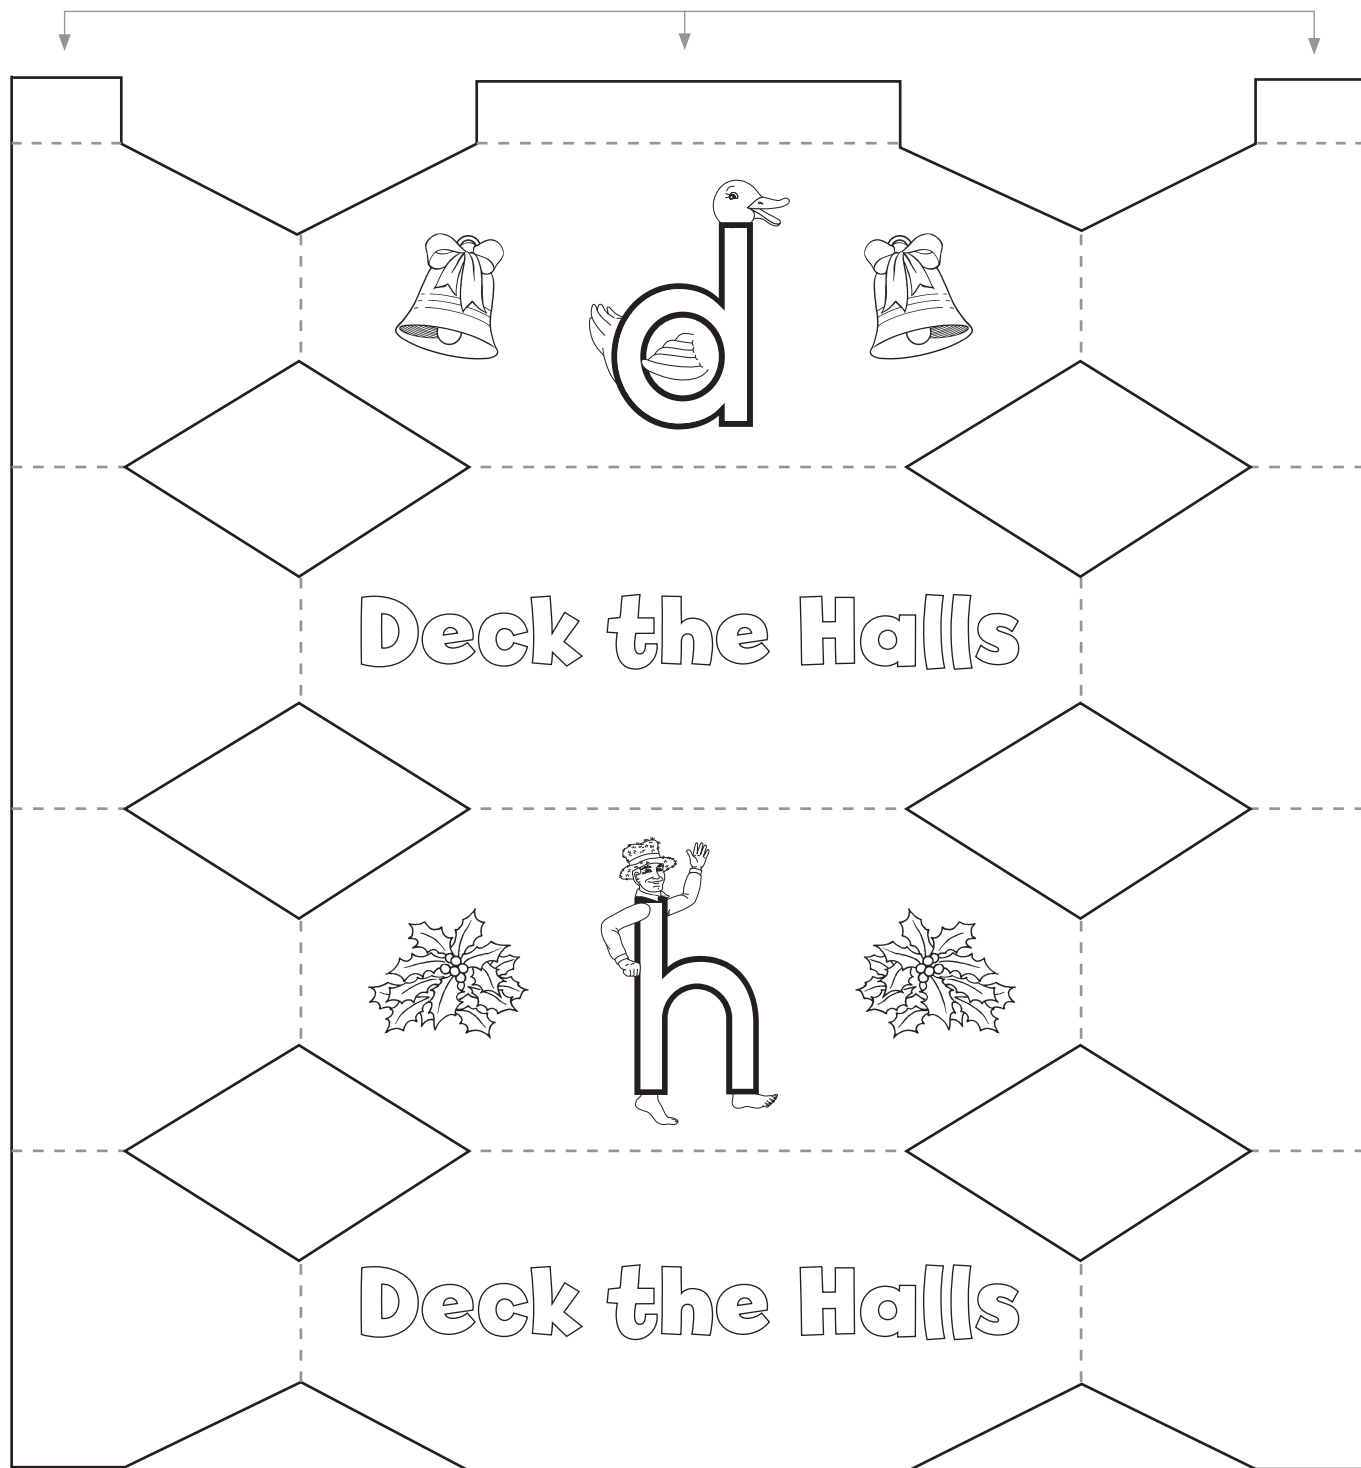

Black and White Templates

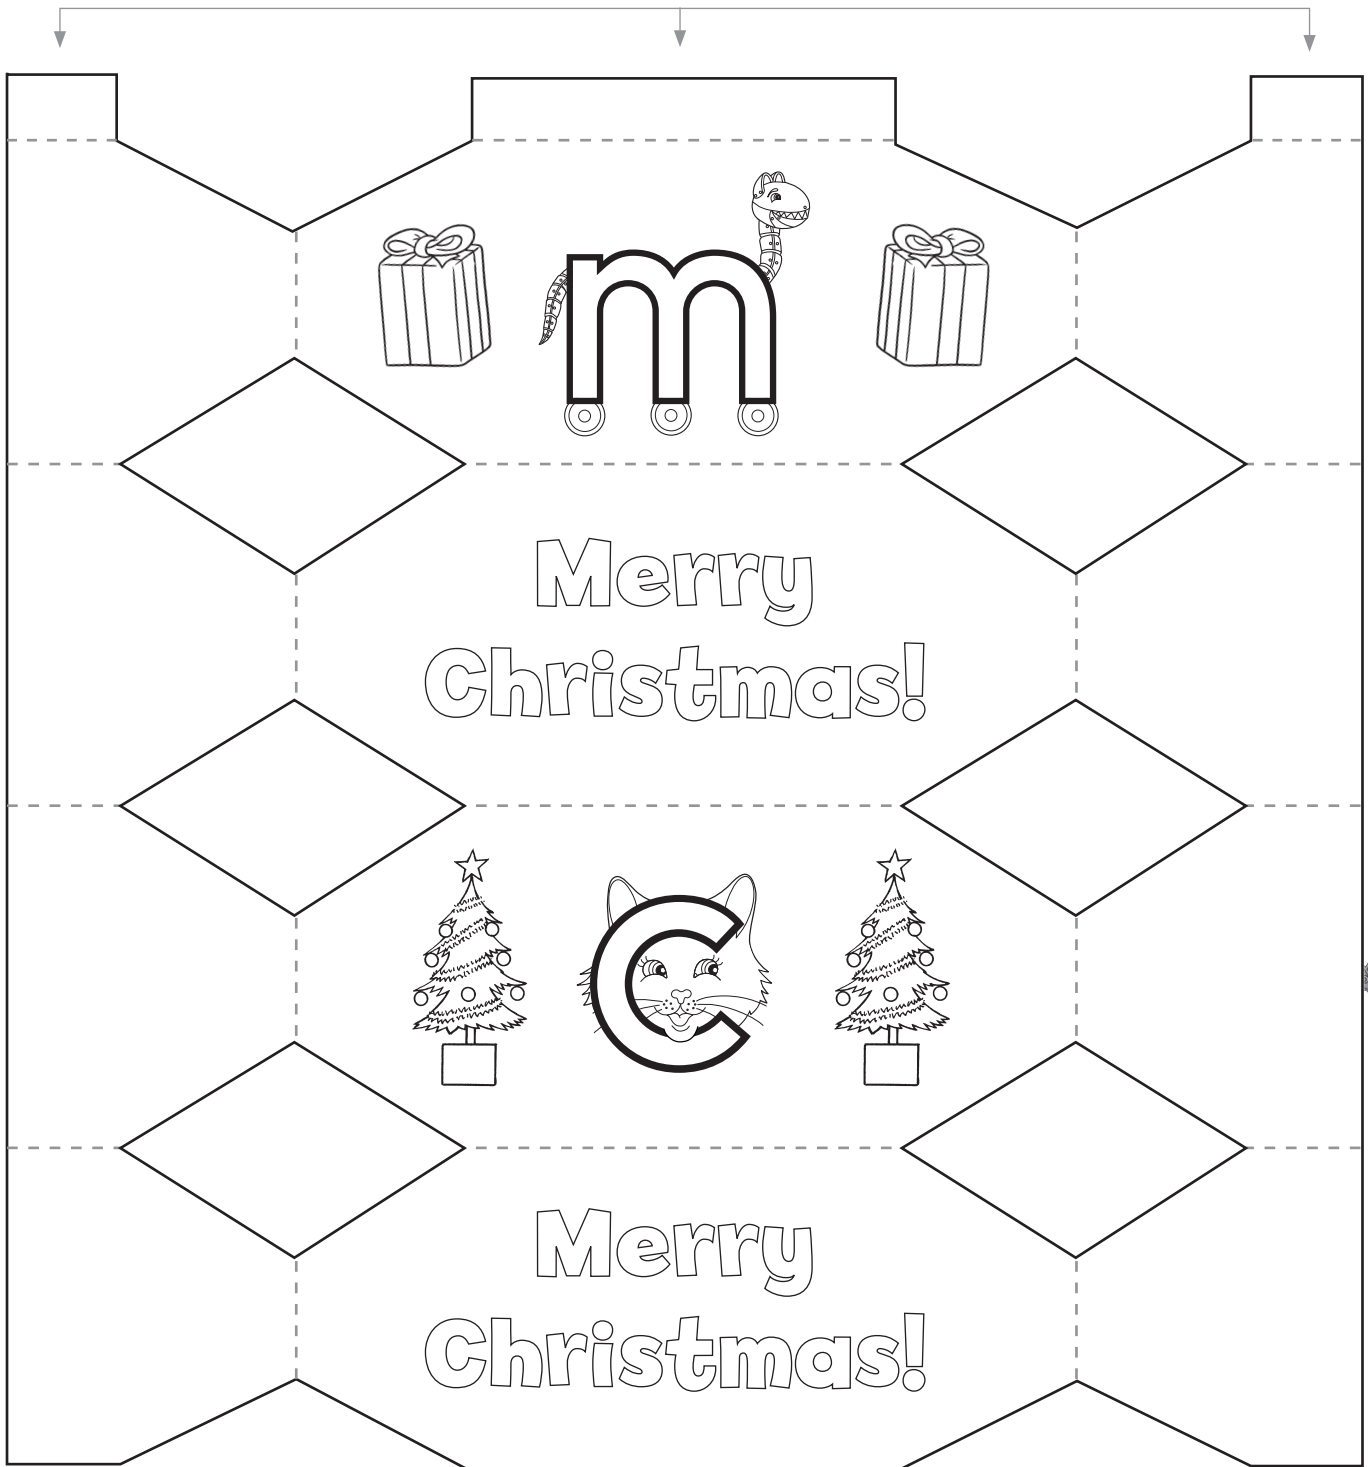

Cut along the solid lines,
fold along the dashed lines.

Glue tabs

Cut along the solid lines,
fold along the dashed lines.

Glue tabs

Cut along the solid lines,
fold along the dashed lines.
