## Day Three: Who Am I? Game

### You will need

- Paper or card
- Scissors
- Glue or tape
- Pens, pencils or other materials (for decoration)
- Elastic or string (if you want to secure the hat)

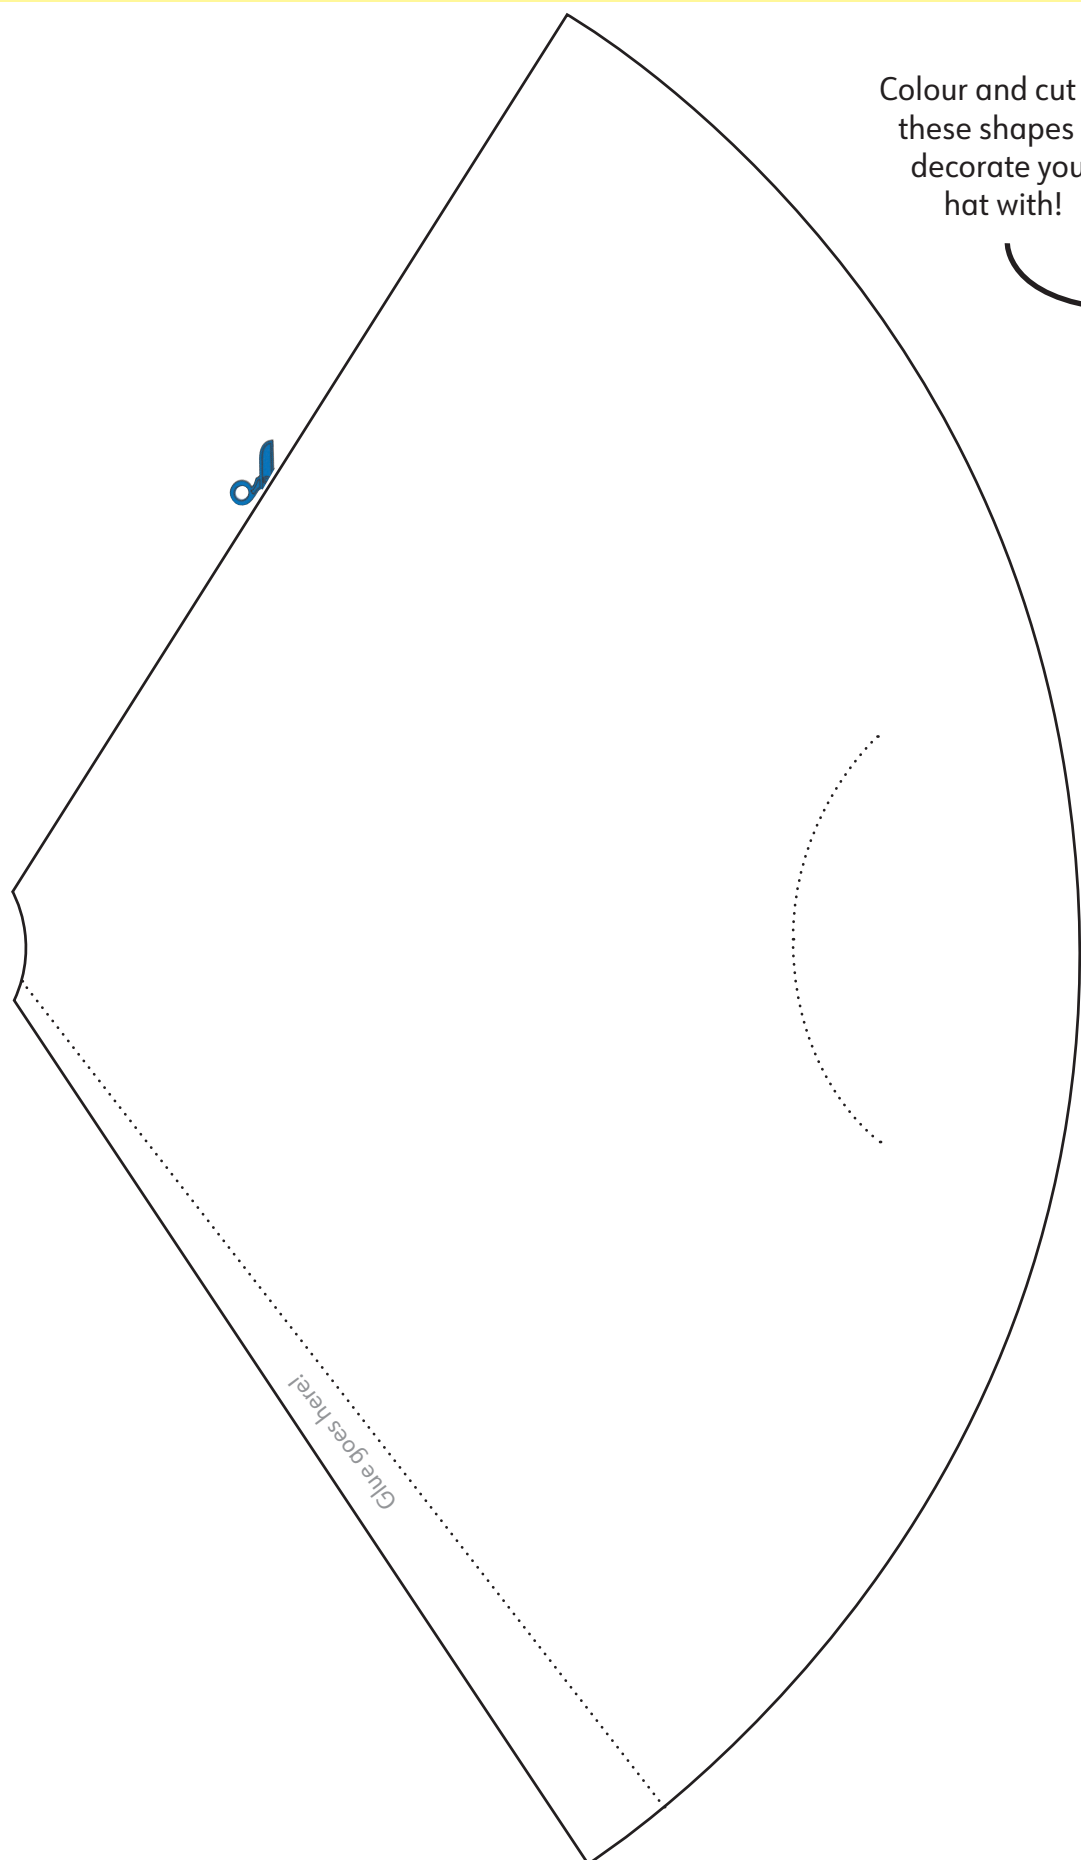

### Instructions

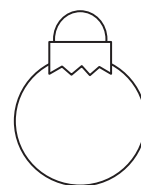

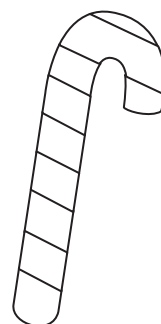

1. Print out the template, preferably on card to make a more stable hat.
2. Cut (or ask an adult to help) out the template, including any of the additional pieces you want to stick onto your hat. Remember to cut the slit at the front as well, you may need an adult to help you do this part!
3. Decorate your hat any way you'd like!
4. Glue at the edge of the hat where it is marked on the template. You can also use tape to stick the hat together. Create a cone shape with the card and press the edges together so they stick.
5. You might want to make the hats more secure by adding some elastic or string.
6. Once the hats are complete, you just need to slot cards into each of them without letting the person wearing the hat see their card.
7. Now try and work out which Letterlander you are! Use what you've learned in your Letterland lessons to ask questions and help to narrow down the options.

# Hat template

Colour and cut out these shapes to decorate your hat with!
