

## Objectives

- To read words in context.

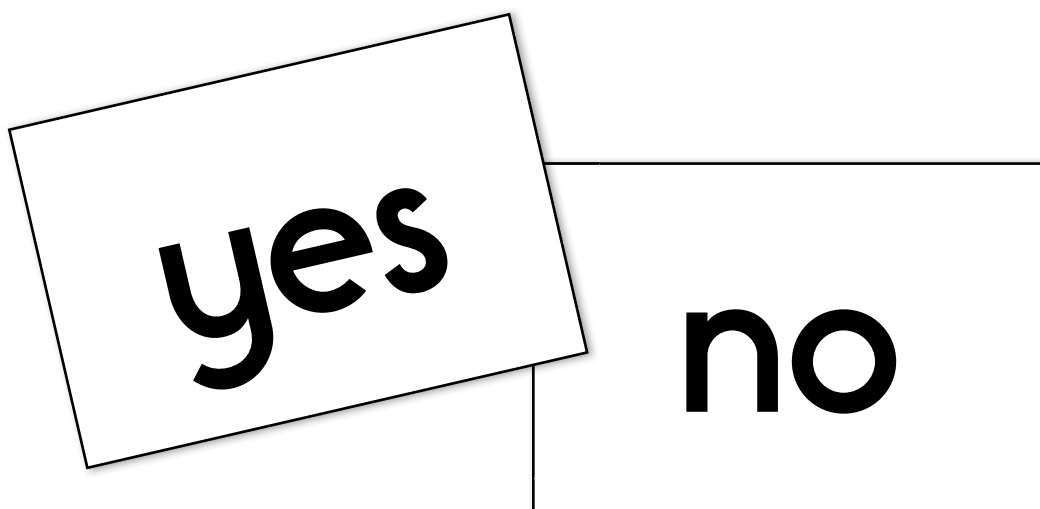

## Materials

- Set out the questions shown on the next page on large cards; make 'yes' and 'no' cards for each child.

## Procedure

- Give every child a 'yes' and 'no' card.
- Display a silly question.
- Ask the children to read the question and answer it by holding up their 'yes' or 'no' card, or neither card (see note). Display the next question.

**Note:** These questions may not always have an obvious 'yes' or 'no' answer. Some of them may be matter of opinion, and could provide opportunities for discussion, reasoning and even starting points for creative writing. Children also love to make up their own silly questions.
