

Introduction

There is no better way to learn than when it happens naturally. Whether you are following step-by-step craft activities or playing games together, opportunities to talk and learn will simply present themselves.

-  talk about the shapes, textures and colours of materials used,
-  talk about different sounds you hear as you follow each project,
-  learn new vocabulary to describe how to make each craft,
-  look out for the alliterative language for each letter of the alphabet.

Letterland has a whole range of products which include fun ideas for developing language skills, with activities that help children become happy, confident and successful in early literacy and in life!

Impy Ink's Invisible Ink

You will need:

- paper
- crayons
- a paintbrush
- a hairdryer
- lemons

Impy thinks invisible ink is incredible!

1. Ask a grown-up to cut the lemons in half and squeeze the juice out of them. The lemon juice will be your invisible ink.

2. With your paintbrush, paint a picture on to your paper using your lemon juice invisible ink.

3. Now wait for your paper to dry. Have a think about what you can paint next.

4. When your paper is dry, blow the hairdryer on to the area where you painted your picture. Be careful that your paper doesn't get too hot!

Ask a grown-up to help you use the hairdryer.

5. Watch while your picture appears! Use crayons to decorate the rest of your paper with pretty patterns.
