

# Introduction

There is no better way to learn than when it happens naturally. Whether you are following step-by-step craft activities or playing games together, opportunities to talk and learn will simply present themselves.

-  talk about the shapes, textures and colours of materials used,
-  talk about different sounds you hear as you follow each project,
-  learn new vocabulary to describe how to make each craft,
-  look out for the alliterative language for each letter of the alphabet.

Letterland has a whole range of products which include fun ideas for developing language skills, with activities that help children become happy, confident and successful in early literacy and in life!

## Safety first!

It is most important that all the crafts and games are completed safely and your house remains the way you like it! Look out for these symbols.

### Paints and Glue

Cover surfaces with newspaper and wear aprons. We advise the use of non-toxic PVA glue and washable poster paints.

### Scissors

We advise the use of safety scissors, or if your child is very young, do any cutting required for them.

### Warning

Read the additional advice given and take extra care where you see this symbol.

### Supervision

Where you see this symbol, adult supervision may be required.

# Jumping Jim's Jangly Jewellery

## You will need:

- string
- pasta tubes
- a paintbrush
- coloured paints

Jim's jewellery makes him jump for joy!

**1.** Cut a length of string. Make sure it's at least twice the length you want your finished jangly jewellery to be. Arrange the pasta beside the string to see if you have enough to cover it.

**2.** Paint the pasta with your brightest paints.

3. When the paint is dry, thread the coloured pasta shapes on to the string. When you have used up all the pasta, tie the ends of the string.

Always take care when using string.

Make sure there is enough room for the pasta shapes to move up and down so they make the jingly-jangly noise that Jumping Jim enjoys!

Tricky

Easy
