

# 12 days of Letterland

## Day Seven: Paper Plate Baubles

### You will need

- Paper plates
- Pencil
- Tape
- Card
- Ribbon
- Paint, markers and other decorations

### Instructions

1. Draw your designs onto your paper plate in pencil (or cut and stick one of the templates overleaf). You could try writing your name or drawing a Letterlander!
2. Go over the pencil design in marker pen.
3. Time to get the paints out and fill in the gaps in your design. Try painting with other materials like cotton wool and pom poms or stamping with cookie cutters!
4. When your design has dried, tape a small square of card to the top of the plate.
5. Flip the plate over and make a small loop with some ribbon. Tape that to the back of the card square.
6. Now you can hang your paper plate bauble on your tree, or anywhere else you'd like!
