What Is Letterland?

Letterland is a unique, phonics-based approach to teaching reading, writing and spelling. Our award-winning educational resources can be used in regular and special education classes from Pre-K to Grade Three. The Letterland characters transform plain black letter shapes into child-friendly pictograms and they all live in an imaginary place called Letterland. Simple stories about the Letterland characters explain the full range of dry phonics facts so that students are motivated to listen, to think and to learn.

Used by students in over
100 countries!

Why Letterland?

Story-Based

Letterland was created to teach phonics through the use of simple stories. The story logic engages students leading to long term retention of concepts.

Multisensory

Letterland activates every kinesthetic and auditory learning channel. By using multiple teaching modalities Letterland works for all students!

Explicit & Systematic

Letterland's explicit and systematic instruction gets students reading faster by increasing their accuracy in decoding and in word recognition skills. In Letterland, children are not asked to do something until they have been taught directly how to do it!

Teacher-Friendly

Letterland provides whole group, small group, partner and center activities as well as an intervention strand. This Orton Gillingham-based curriculum gives teachers the tools they need to help ALL students succeed.

Research-Based

Much research has been done to understand the way we learn. This analysis supports the use of characters and actions to teach phonics.

Spiraling Curriculum

In each grade level, students build foundational literacy skills as concepts are taught, practiced, reviewed and applied.

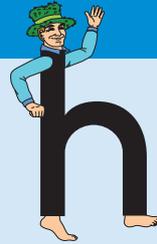

State Standards

Letterland is fully aligned with the Common Core as well as individual state standards, such as TEKS, Virginia SOL and many more.

How It Works

1. Learn Letter Sounds

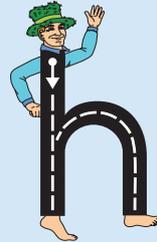

Once you have met the friendly Letterland characters, just start to say their names for the correct letter sound.

Harry Hat Man makes the sound at the beginning of his name. Just whisper it – 'hhh...'

2. Learn Letter Shapes and Actions

Simple stories about the Letterland characters ensure correct letter formation, avoid confusion over similar looking letters. Actions for the alphabet are linked to each character, forging a strong connection between the action, letter, shape and sound.

Hurry from the Hat Man's head down to his heel on the ground. Go up and bend his knee over, so he'll hop while he makes his sound.

3. Spelling Patterns

Phonics stories give students a friendly logic for remembering all 44 letter sounds and other major spellings.

Whenever Sammy Snake starts to hiss loudly behind Harry Hat Man, the Hat Man turns back and says 'sh!' because he hates noise.

4. Word Building

Blending and segmenting all through words is introduced very early on, covering blends, digraphs and trigraphs.
